Six Secrets

This information is from the PHD level in the Science of Neuro-Linguistic Programming. Contained within this class are the secrets of the most successful and influential speakers. You will learn the secrets of how to influence the collective subconscious of an audience and create such an impact, they will be asking for more!

- 1) What is Neuro-Linguistic Programming, and how does it relate to powerful presentations.
- 2) The power of "Yes Sets" getting the audience into collective agreement at the beginning.
- 3) Displacing Resistance. Learn how to decontaminate the space so you can successfully manage a resistant audience.
- 4) The importance of Voice Patterns. Learn how to use credible and approachable voice tonalities.
- 5) The Structure of Charisma, the importance of delivering your message to the three unconscious learning systems of an audience.
- 6) The Power of Your Body Language and how to use the five global unconscious archetypes of body language to create an impact in your presentations.
